# FOREWORD

american colleges and universities have turned forth the class of 1950. we are not a class filled with hopeful enthusiasts. we were born into the memory of one world war and fought through another. we seem determined to know exactly where we are going and why, but our determination can only help to cover the doubt and frustrations inherited from our fathers. for all our physical differences in sheer size, and numerical age of our members, the class of 1950 is no different from its predecessors. we lack only the youthful enthusiasm. perhaps that has been replaced by a more mature and wiser knowledge, perhaps only by ignorant apathy. one cannot write a hopeful and ringing foreword for the class of 1950 on the eve of war in korea for we would look on that as mere childishness. one can only ask that God will look with a sympathetic smile upon our petty foibles and hopes and grant that in these four years we may have begun to learn and grow strong in knowledge of the foibles, hopes and wisdom of our fathers, that we will not be blind to this heritage nor enumbered by it merely.

BOOK

I

. . . . dr. james a. mccain graduated, with the class of '50 to the top position at kansas state . . . a young energetic president, he leaves his desk in main hall, after a powerful post war period of five years, with a glowing record of administrative achievement and significant development for msu . . . liked and respected by students and faculty, the president leaves a campus and a state that is definitely mccain indebted . . .

... another montana money battle . . . another issue important to the greater university system, controlled on the state-committee level by the board of education . . . the group includes chancellor of the greater university george selke, executive secretary of the greater university dorothy green, mrs. f. h. petro, victor weber, g. m. brandborg, monsignor emmet riley, governor john bonner, attorney-general arnold olson, g. a. bosley, george lund, mrs. c. f. ullman, charles baldwin, clerk peggy mcLaughlin, state superintendent of public instruction mary condon . . .

## the university

... governor of montana, john bonner, alumnus of montana state university, served as ex-officio chairman of the state board . . . chancellor george selke, just returned from germany, faced problems of montana's higher education as liaison between the board and the six units . . .

. . . quiet, friendly e. kirk badgley, auditor, knows university and student finance . . . has always been willing to explain or re-explain their frightening intricacies . . .

. . . dr. gordon b. castle, dean of the college of arts and sciences and senior academic dean, meets the "only down a few" grade-point-and-credit jockeys on the campus . . . is a most helpful and congenial "come back in a year" man . . .

. . . msu's veep, dr. richard h. jesse, will take over for the b. p. interim . . . between-presidents . . . the vigorous vice-president also heads the chemistry department . . . occasionally growls at freshmen chem majors . .

... j. b. speer keeps a wary eye on the university budget as controller ... he is the man who knows msu history and every problem that is its financial tradition ...

... traveling registrar leo smith pushed into the frontiers to familiarize montanans with university curricula ... handles all details ...

... alumni secretary and public service director andy cogswell pushes through the public relations channels ... is the helpful right-hand man for president mc cain ...

... kathleen campbell is the chief of the crowded msu library ... takes charge of a detailed set-up that touches students directly in their study routine ...

... young dean james w. maucker of the school of education directs the summer session ... a work-and-play quarter that achieves a balance even in the summertime missoula atmosphere ...

... genial maintenance-man tom swearingen is hit at every turn with gripes from student car-owners, yet he manages to keep a somewhat valuable physical plant in good shape ...

. . . herb wunderlich with the tweeds and pipe fills msu's new dean of students position . . . is the main man behind the men . . . keeps the fraternities and dorms in line and still has time to teach a class . . .

. . . capable dr. maurine clow as associate dean of students is the program-chairman for msu's women . . . she does the impossible in knowing every coed . . . always has a new idea for development of women's organizations . . .

. . . . men at the top of each of the various divisions and schools . . . freshmen respect them for a certain severity, usually imagined . . . sophomores saw them last year . . . juniors begin to find that they are human too . . . after watching the administration involved in grinding out reputable graduates, four year people appreciate them less as the men who sign the registration cards or the recommendations . . . more as men who know the depths of their fields . . .

## senior officers

... jim murphy, joan smith, ginny floyd, marion bell form the class officer contingent for the senior class ... laura bergh and torv halverson ably represent the class as delegates to central board and spend their tuesday afternoons on asmsu problems ... senior officers worked their final spring quarter organizing committees for commencement week activities ... advised the faculty group in their double-ceremony or rain-on-dornblaser discussions ...

. . . biggest class in msu history . . . representing the postwar collegiate era of the veterans and the high school kids, the government check and the book line . . . enrollment figures and dormitory walls bulged . . . fraternities stocked double orders of pledge pins . . . the rah-rahs thought the others apathetic but the study lamps burned along with the parade flares . . . paradox continued for four years . . . through comprehensives, seminars, through graduation . . . and the "trade schools" walked off with the "uncommon man" honors first . . .

## junior officers

. . . junior officers, 1950 model, edna geary, president; everett chaffin, vice-president; joan beckwith, secretary (not pictured); helen lambrose, treasurer; george fox, central board delegate . . . since the junior prom folded the *raison d'être* of junior officers has become rather intangible but we must not forget that if it were not for junior class officers and the like, the *raison d'être* of yearbooks too would become even more intangible than it is. as usual class affairs were handled admirably and with the utmost dispatch.

'51

. . . no one knows quite what this picture has to do with the junior class, but if one were to attempt to define concisely what the junior class consists of in msu's heterogeneous mass of students the same difficulty would be encountered . . . but they remain on the asmsu books like an account that long since should have been re-opened under a new name . . .

## sophomore officers

... headed by robert hasquet . . . audrey olson, barbara blakeslee, and dick wholgenant were the big wheels in the sophomore class . . . dick, as central board delegate, spent many asmsu hours and divulged nonapathetic tendencies in the unity party swing this spring . . . has a high interest in student government . . . following in the wake of a long standing tradition, the other officers accomplished absolutely nothing . . . were comparatively unknown in their official capacity, save for yearbook pictures and on soon forgotten ober day ballots, but have high rank in sophomore activity annals . . .

'52

. . . reaping the fruits of their freshmen activities, the sophomore class is kept busy with spur, bearpaw, and a.l.d. . . with a year behind them they think they know which classes they can cut . . . which are the really accepted msu traditions . . . sophomores are familiar with the faces on campus and feel at home . . . use their year to change their majors, finish survey courses, and adjust the hour-budget for study and play . . .

## frosh officers

... after orientation and settling down to semi-routine of college life ... the freshmen elect their officers for the year ... the big chief this year was jack stewart ... other officers included kay millons, carol wickes, danny lambros, and bill mcmasters ... new to the ways of msu government, they watch and learn but do little in their official capacity ... they get their names in the campus limelight which is good for future activities ... were more osmsu minded than some of their contemporaries ... have a start toward honoraries and service organizations in the years to come ...

'53

'53

... like children with new toys, freshmen want to see how college works ...  
and they'll try anything once ... volunteering for the dirty work in exchange  
for spur and bearpaw points, they bring with them the annual freshness  
and vitality that goes with painting the m and racing for the tower bell  
... as they are introduced to the old standbys ... aber day ... sos  
... they set the foundations for their life at msu ...

BOOK  
II

**spring**

**1949**

... the satin band with the inscription, "miss montana," represents more man-hours of labor than any other project of its kind on the campus. carol fraser was the honored recipient in '49 ...

... the bear paws decided that they could raise money by throwing a dance as well as selling pop and proudly crowned edna geary as their "spur of the moment" for the year ...

... "it makes little difference what i talk about because you won't remember what i say, even if it's important, which it isn't" ... governor adlai stevenson of illinois, commencement address, 1950 ...

. . . the excellent work of mr. freeman and the convocations committee deserves much praise but student presentations, with the bright exception of music groups, seldom get above the level of the livery stable . . .

. . . interscholastic—to give aid and comfort to the competition minded, to do a selling job for higher education, especially at msu . . .

. . . aber day, when those who study have a chance to get a few blisters on their collective hands and let off a little steam; for those who are not bothered with details like studies, the steam valves can be released, for once, legitimately. all in all it usually turns out to be a rather creditable clam-bake . . .

## in the fall

... bear paws turned on a full scale initiation, began to realize that the alpha phi omegas were a red hot contender in the service honoraries division ...

... an informal tea was the first step as this year's group of foreign students strode into an important place on the campus ...

**quarter**

... the green beanie—symbol of controversy and triumph for pepsters; of course no one would be interested in what is underneath it . . . .

... the letter on the hill, the symbol of one segment of american college life. here the frosh pay homage by anointing themselves with its blood . . . .

# homecoming

... the alums want to see the best game possible, the athletic board would prefer a second rate game so as to have two large gates for the season, the team always seems to pile up a year's tough luck in one game—but, my gowd, it is the greatest boon to montana athletics since the invention of the slot machine . . .

... as can be easily ascertained by the strained expressions, idaho got all carried away with this football business . . .

... rousing the faithful—the kids work hard against rather tough odds; which, perhaps, is justifiable in the whole scheme of things . . .

... a queen for the festivities, the regular round of perennial meetings, dances in the halls; all a part of fall quarter at msu . . .

*Annual  
Fall  
Rehabilitation*

# mid-quarter

... and the campus looks quite studios on the whole, the library reading room is crowded, the steps become almost too difficult to navigate. halloween is supposed to be one of the year's highlights

for the kids but actually no one has more fun than people, especially college people. pan-hell presents the new captures to the public . . .

## dances in the

... freddie slack led the only name dance band to appear on the campus during the year. the dance inaugurated the new floor in the gold room, was well attended and came out well enough financially to revive the old cry that asmsu should step more into prominence in the social ring-around. distinguishable in the murmur of small voices were mutterings for more asmsu sponsored activities and dances, a male social chairman and all such other things which are annual as mutterings but never seem to get to the action stage ...

. . . the spur-sponsored sadie hawkins day dance was the usual roaring success. the night when the female sex admits that it is a woman's world instead of sitting back with a smug all-knowing smile and spending the money of the subjugated male, the males, however, seem to need nothing more than the assurance that the style of dress will tend toward the exposure of more feminine flesh and less clothes . . .

...the 1949 tennis team ...

## spring - 1949

... Larry Latchy and Howard Domke were keys in the '49 relay team which was the finest in recent years and would have been a valuable addition to the 1950 team ...

## baseball - 1949

. . . grizzly baseball hit it's height in post-war comeback in 1950 . . . the highlight of the season was jim lucas' win over washington state, later northern division champions. the grizzlies proved their mettle in northern division competition as well as among the northwest . . . the good showing against coast conference teams won the promise that montana might be granted a full coast conference schedule in 1951, a hope that will be gladly replaced by a full schedule with the skyline six conference where the grizzlies will no longer have the former difficulties in obtaining a schedule . . .

# track - 1949

... warren crosby, grizzly shot putter and  
consistent point getter ...

... a win from cheney, a close loss to idaho,  
a strong grizzly track team but as usual lacking  
in depth ... a good showing in the northern  
division meet where individuals have a chance  
to show up. dick doyle walked off with first  
place in the discus, went to the ncaa and rep-  
resented the pcc in their meet with the big  
ten ...

... lou rocheleau, versatile grizzly athlete  
finished his college career with the end of the  
1949 track season a record setter in basketball,  
hurdler, high jumper and broad jumper on the  
track team, the high point winner in track for  
several years ...

. . . . the seasons of 1949 and 1950 marked a change to the new day in grizzly athletics  
. . . . the fall of 1950 marked the first days of work for the new coaching staff for  
football and spring football 1949 saw ted shipkey in action for the first time. coc hubbard  
made many promises on a brighter financial situation and by the end of his first year  
seemed to have things pretty well in hand although athletes had to draw short checks  
for part of the year . . . the loss of slot machine revenue is a problem yet to be solved . . .  
the end of the 1950 season saw the graduation of the four-year lettermen who have been  
the mainstays of all grizzly athletics for the post-war period. next year will not only  
see the new coaching staff getting their feet on the ground but the faces on the grizzly  
roster will see the first major change in four years . . . .

... dave cole's intramural board,  
mediators of all the many little  
squabbles that arise over possession  
of the intramural cup ...

## men's intramurals

... amiable dave cole somehow manages to skimp along  
on a tiny budget and yet run the activity that has more  
student participation than any other activity on the campus ...

... the perennial phi delts had another successful year for they once again took the intramural trophy ... they won first in the basketball play-offs, tied for third in swimming and took third in football along with a second in bowling. the sac's were second and the sigma nus third ... the sac's won the football crown from the sigma chis and came out second best in basketball, jumbo repeated its softball championship but encountered much more trouble from the sigma nus than anyone had anticipated ... theta chi walked off with the horse shoes championship and the phi sigs were bowling champs ... the ski club took the ski crown after having hard luck in basketball ... sigma chi was first in swimming and the phi delts captured the tennis honors.

... the m-club tournament again proved a big money maker for the m club and all the patrons went away satisfied ... there were rumors of presenting the fights twice yearly ...

. . . . spring quarter in women's intramurals play-offs and msu coeds drag out their encrusted sweat-shirts and their too-few softball mitts . . . tri-delts hit the thetas 10 to 7 for their third major sports title in the season . . . and in the swimming competition the delta gammas topped them all . . . when the puddles around the women's gym solidify the women can play indoors and the volleyball championship went to the tri-delts over the independents . . . .

... diamond mountain's ski tournaments ended with the alpha phis copping the trophy ... norma bell won the class "a" title ... norma-mae milkwick took high individual score, and high average, bringing the sigma kappas the victors laurels in the bowling tourney ... during the winter quarter sixteen teams competed in the basketball playoffs and the independents came out on top, winning from the tri-delts 28-25 ... one that had held for three years ... donna skates wound up again to win the badminton title defeating marian nelson ... and the women battle on.

# jumbo hall

... a sprawling reminder of post-war rush housing, jumbo hall provides a rather feeble roof over the heads of a heterogeneous group of college men ... mostly non-fraternity ... they have a priority on freshmen women via the chowline at north hall and challenge the young lovelies to a riotous baseball game, show them through their boudoirs on jumbo hall day ... an occasional card game up in the room and lounging on the front steps of north hall are favorite diversions ... living is strictly on independent basis ...

... pan-hel and interfrat did their bit to keep the greeks in smooth running order ... heard the gripes and set the rules for fraternity row ... this spring interfrat started their own little political fiasco and pan-hel got mad ... mod enough to stand on its own two feet and throw the elections really open ... forgiving and forgetting difficulties of years past, interfrat went so far as to elect a member of the snakepit as next year's prexy ... both are concerned with keeping the greeks working as happy units ...

Dec. 14, 1950

I do not believe that editorials have any place in a year book, but when a book is a full quarter late I certainly owe the student body a word of explanation. Even if I did feel inclined to place the blame on anyone for this faux faux, the many varied circumstance would not allow me to do so. If the onus must fall, please place it upon Doris and myself, for on us it rightly rests. Doris and I have attempted in our small way to give you a yearbook that you can keep with pride for many years to come. The degree of our success rests in your opinion. The book is finally here, I hope you like it. There are hundreds of the usual mistakes, mis-spellings, names out of order, etc. These I hope you will forgive and charge off to human frailty. I hate to mention names in giving thanks for I am sure to leave someone out who is deserving. But the book would never have appeared: without the faithful staff who put up with my ill humor and Doris' frivolity, without Bill Remington and Frank Cross of the Reporter Printing and Supply Company who wrestled their way through late copy and cuts, without Marvin Gilardy of the California Art and Engraving Co., without the pictures of Ernest Briscoe who gave us some of the finest individual pictures we have ever had, without Cyrile who must bear the brunt for every late Sentinel, and without the many others whom I hope to thank personally. Lastly, my greatest thanks go to you, the student body, who have so kindly and so patiently put up with the delay. I only hope that you will be well enough pleased with the book to overlook our many errata.

Sincerely,

Bob O'Neil

# *What About Electric Utilities?*

A lot of misleading statements these days are leading the people away from a true realization of what American electric utility companies are and what they stand for. We'd like to point out a few FACTS about the industry in the hope that they will give you a better understanding of its position.

First of all, the electric utility industry means more than 43,000,000 customers who are being served efficiently at reasonable rates under federal and state regulation. It means millions of Americans who, as stockholders, have invested their money to help the industry grow and serve.

*In this state, the Montana Power Company is bringing electric service to 390,000 persons. It is a MONTANA COMPANY, owned by approximately 30,000 investors from all walks of life.*

The electric service Americans enjoy is the direct result of round-the-clock effort by 291,000 men and women who are employed in the industry.

*More than 1,200 of your neighbors are working for you as employees of the Montana Power Company.*

Generating capacity of the industry has grown to more than 64 million kilowatts, an increase of 279 per cent in the last 30 years. And by 1970, this generating capacity will have grown to more than 200 million kilowatts.

*Generating capacity of The Montana Power Company now totals 398,000 kilowatts, and completion of our Billings steam-electric generating station in 1951 will raise that total to 464,000 kilowatts. We are constantly building to serve Montana's needs.*

The electric utility companies of the nation in 1949 paid \$803,000,000 in taxes, of which \$451,000,000 went to the Federal Government and \$352,000,000 was paid to state and local governments.

*The Montana Power Company is a taxpaying partner of all Montanans. Its 1949 tax bill was \$6,140,823, of which \$3,646,739 was paid to the Federal Government and \$2,494,084 went to state and local governments.*

# Integrity

Integrity in the drug business begins in the prescription department. Our pharmaceuticals are the finest procurable and our pharmacists the most highly skilled.

Yet we feel that we can claim integrity in another way . . . by practicing fair-profit merchandising of the most reliable brands.

SO . . . save on at the Save On Drug . . . you'll be buying the best for less.

## YOUR PART

Approximately one quarter of the total cost of this yearbook was paid for by the advertisers whose ads appear on these pages. These merchants have taken this means to express their interest in our University. Many of them are alumni and parents — many are just friends of the University. All are friends in the finest sense of the word.

The merchants who appear in the 1950 Sentinel have been most generous in their support. We can all express our gratitude by patronizing these advertisers whenever the occasion arises.

## Montana of Other Days

In the early 1860's, a stage line journey from Virginia City to Salt Lake City required four days and nights and cost \$75—in gold.

Missouri river steamboats which carried passengers and freight to Montana in the early nineteenth century required from two to three months to negotiate the treacherous river from St. Louis, Mo., to Fort Benton, Montana.

According to some historians, Jim Bridger was in the Emigrant gulch district as early as 1830.

Plug tobacco sold for \$5 per pound during the winter of 1864-65 in Yellowstone City. Smoking tobacco sold for \$18 an ounce.

In 1885, the first year for which figures were available, 79,089 head of cattle were shipped from Montana to various markets.

The first report of the territorial auditor of Montana in 1865 stated there were 4,325 head of oxen and 1,896 cows and calves returned for assessment.

Geology teaches that 5,000,000 years ago Montana was the bed of a great sea.

Virginia City, in the gold rush days, dispatched as many as 600 letters a day at a postage rate of \$1 per letter. No ink being available, all letters were addressed in the juice of wild gooseberry.

On Jan. 1, 1884, the value of Montana's cattle industry was placed at \$30,000,000—a sizable figure in view of the youth of the industry and the fact that mining was being followed chiefly in the state.
